Exploding Mic Stand (watch video)

You can pick up the mic stand and it appears to be a normal mic and stand. When you go to speak you find the mic does not work ,so you take the mic out of the stand ,there is a loud BANG! As if there is a short circuit WOW what is the matter? So you pick up the stand and HORROR! there is another loud BANG! And the top of the stand flies into the air and the legs break and fall to the floor! A wonderful sight gag for anyone who does comedy. Microphone and Stand come in a black carrying bag.
